Professor Beata Walczak  
Editor  
Chemometrics and Intelligent Laboratory Systems

Dear Professor Walczak,

We are pleased to receive constructive comments from the reviewer on our manuscript entitled "A tool for simulating multi-response linear model data" (Ref: CHEMOLAB\_2017\_377). The reviews have helped us to make significant improvements to our manuscript. We have made major revisions in order to address the reviewer's concerns. A separate document with detailed revisions is attached herewith.

Sincerely,

Raju Rimal
